72%

Secondary School Certificate Shree Vaishnav Academy

04/2016 - 04/2017

7.8 cgpa

CERTIFICATES

- Programing With Python.
- Data Structures And Algorithms.
- Object Oriented Programing With Python.

PROJECTS

Bakery Website

- Created a website for bakery having a **Django** back-end where its customers can visit to know about the services provided on the front-end made with **HTML** and styled with **CSS** properties.
- The user can filter the product according to his requirement and only relevant product will be displayed on .
- There also we have an order now facility where users can place his order according to product code and his order will be registered .

Student DBMS

- A DBMS to hold the records of students where only registered user can login which makes our **SQLite** database with **Django** back-end more secure.
- User can perform all the CRUD operations once he gets logedin and for every new entry database itself assigning it a unique identification number.
- It also provides a search functionality to the user where he can easily filter out the particular record by name of the student .

To-do app

- One app to store all your tasks, which makes the user more comfortable in scheduling his routine .
- User can easily enter his task name and task information in the fields and the task gets updated within a click .
- User can view all his tasks in a view page made with user interface facilities provided by **Bootstrap**.

ACCOMPLISHMENTS

DAVV Coding Challenge (runner-up)

SVIM's Prime Coder(Finalist)

Shri Vaishnav Vidyapeeth Vishwavidyalaya(best orator Award)
